Identity Theft Can Happen to Anyone. But You Don't Have to Face the Risk Alone.

Although identity theft is the fastest-growing crime in the United States, it is not just a financial problem. Strong emotions such as fear, anger, helplessness and frustration may overwhelm a victim of identity theft or lost identity. Many individuals have no idea how to handle their situation or to whom they should turn for guidance. Promptly and properly notifying credit and law enforcement agencies as well as other relevant institutions can be a daunting task for anyone trying to resolve the crisis on their own.

That's why Chubb is proud to offer complimentary Identity Theft Resolution Services to our homeowner and automobile policyholders through CyberScout – a leader in identity theft recovery, defense and education for more than 17.5 million U.S. households. If your identity has been compromised, a highly experienced fraud specialist will work with you one-on-one to quickly resolve the crisis, so you can get on with your life.
